MEMORANDUM TO THE FILE

C

SUBJECT: Conversations with [redacted] in Washington - 12 September 1951

C 1. [redacted] agreed a full time literature surveyor might well be used. He suggested use of a graduate student who wished to earn money for a year before continuing his studies. [redacted] hoped that [redacted] would have some names to suggest.

CA 2. [redacted] was briefed concerning the potentialities of [redacted] and [redacted]. He stated he would suggest topics in the foreign field which they could investigate.

CA 3. He was doubtful if [redacted] would have more than one or two specific projects in mind at this time, but he felt that discussion of even one would make [redacted]s trip to [redacted] worth while.
